- The school complies with the *NACCAS Rules of Practice and Procedure*.

Admission and Enrollment Procedures

The school does not discriminate in any way including its employment, admission, instruction, or graduation policies on the basis of sex, age, race, color, religion, or ethnic origin, nor does it recruit students already attending or admitted to another school offering similar programs of study. Applicants must be beyond the age of compulsory education (16) and have obtained a High School Certification of Completion or GED (HiSet) Equivalency. The programs are taught in the English language only. The school requires that each student enrolling in the Cosmetology or Barbering programs must:

- Complete and sign the application for enrollment.
- Pay the \$100 Registration fee.

Admissions Requirements:

Foreign Diplomas:

Should an enrolling student provide a foreign diploma or high school Certification of Completion, the institution will work with the student to obtain evidence that verification of a foreign student's high school diploma has been performed by an outside agency that is qualified to translate documents into English and confirm the academic equivalence to a high school diploma in the United States.

Transfer Students

Transfer students will receive credit for previous training from another school with proper documentation of hours and grades, and after being evaluated in both theoretical and practical abilities by a designated school official. The program will be contracted for the number of hours accepted for enrollment at the current rate of tuition and fees. The acceptance of any and/or all of the transferring hours and grades is at the discretion of Alexander Academy. Transferring hours to another institution is at the discretion of the accepting institution, and the licensing agency within that State and it is the student's responsibility to confirm whether or not their clock hours, services, chapters etc. earned at Alexander Academy will be accepted by another institution of the student's choice. Accreditation does not guarantee transferability.

Re-Entry Students

A student may apply for re-enrollment at the school after 180 days from the date interruption and will return in the exact same SAP status as at time of withdrawal. Acceptance for re-enrollment is at the sole discretion of the school. Any Student who withdraws from his/her contracted program or fails to complete his/her training, will have a notice placed in their student file, as to the SAP status at the point of withdrawal. Any student who wishes to re-enroll must complete the following:

- Meet all current enrollment and admissions requirements including payment of application and registration fees.
- Sign a new enrollment agreement and pay all fees and the current rate of tuition for hours remaining to complete the program.

Orientation

Each student who enrolls in either Cosmetology or Barbering must attend the Orientation before he/she starts training. Orientation is held the 1st Monday of every month at 8:45am. Orientation lasts approximately 1/2 hour. The orientation provides information about the instructional program, the goals of each program or course, any policies affecting students, and services available to students. Students are provided with academic advising and additional assistance as necessary. If referral to professional assistance is necessary, the school maintains a record of such referral. Information and advice are available to students on these subjects:

- Regulations governing certification or licensure to practice, including reciprocity among jurisdictions;
- Opportunities for continuing education following graduation.

Satisfactory Academic Progress Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school regardless of schedule, form of payment, cash pay or Title IV HEA Program funds. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS: Students are evaluated for Satisfactory Academic Progress based on actual clock hours as follows:

Cosmetology 1000 Hours - Academic Year Length 900 clock hours

Barbering 1000 Hours – Academic Year Length 900 clock hours

1st Evaluation Period Ends: 450 clock hours

2nd Evaluation Period Ends: 900 clock hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first. SAP evaluations are based on actual contracted hours at the institution.

The institution shall evaluate students' (academic and attendance) Satisfactory Academic Progress at the conclusion of each evaluation period. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course. All periods of enrollment are included in the SAP calculation for Title IV eligibility and otherwise.

ATTENDANCE PROGRESS EVALUATIONS: Students are required to attend a minimum of 70% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student must graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME: The maximum time (which does not exceed 143% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED SCHEDULED HOURS
Cosmetology - 1000 Hours	1430
Barbering – 1000 Hours	1430

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 70% of the scheduled contracted hours. Students who exceed the maximum time frame shall be terminated from the program and may re-enroll at the sole discretion of the institution on a cash-pay basis consistent with the re-enrollment provisions of the admissions policy.

All courses offered by the institution are clock hour programs and all students attend on a continuous basis. Therefore, we do not offer term or credit hour-based programs. Enrollment is based on one period of continuous enrollment which counts towards satisfactory academic progress and maximum time-frame, including any time in that period where a student would not receive Title IV, HEA program funds. The period of enrollment includes, fall, winter, spring, and summer, as applicable to the student's enrollment agreement.

ACADEMIC PROGRESS EVALUATIONS: The qualitative & quantitative elements used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Academic progress will be cumulative. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70%. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90 – 100	EXCELLENT
80 – 89	VERY GOOD
70 - 79	SATISFACTORY
Below 70	FAILING

DETERMINATION OF PROGRESS STATUS: Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Each student is provided a copy of their Satisfactory Academic Progress determination at the time of each evaluation period. Students deemed not maintaining Satisfactory Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING: Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on probation. The school will develop an academic plan for the student who has been placed on probation that if followed will ensure that the student will be able to meet the schools satisfactory academic progress requirements by a specific point within the maximum time frame established for the individual student. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. There will also be a notice, advising of financial aid eligibility given to the student. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and will be responsible for payment of all tuition balances. The

student will then be required to bring their grades and/or attendance up to satisfactory levels in order to have financial aid reinstated.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS: Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance (70%) and academic (70%) requirements by the end of the warning or probationary period.

APPEAL PROCESS (as it pertains to academic and attendance progress): Students who have been determined to not be making satisfactory academic progress may appeal the determination. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the Administrative Offices, along with any supporting documentation, reasons why the decision to terminate should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point and will stay changed in order to finish within the 143% maximum time frame of the program. This appeal must be received in the Administrative Offices within five (5) business days of termination. Appeal documents will be reviewed and a decision will be made and reported to the student within three (3) calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable. A student who fails to appeal may be terminated from the program

INTERRUPTIONS, WITHDRAWALS, RE-ENTRIES: If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. If a student is considering pursuit of a second program, they must graduate or withdraw from the current program. If a student decides to switch a program, the current SAP will start over with the new program. The old program SAP will no longer apply.

INCOMPLETES/REPETITION or NON_CREDIT REMEDIAL COURSES: Course incompletes, repetitions, and non-credit remedial courses do not apply to this institution and have no effect upon the institution's satisfactory academic progress standards.

TRANSFER HOURS: With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

- End of Satisfactory Academic Progress Policy –

Leave of Absence (LOA) Policy

This policy applies to all students enrolled in the school. A student who must take an approved Leave of Absence (LOA) or must withdraw from training will return to school in the same satisfactory academic progress status as prior to the leave of absence. A student may be granted a LOA for any of the following reasons and where there is a reasonable expectation that the student will return from the LOA:

Medical and/or Non-Medical Personal or Family Related Matters

Students must follow the institution's LOA policy when requesting a LOA. The LOA must be requested and approved in writing by the School Director prior to LOA occurring. In addition, the student is required to list the reason for the LOA and their signature is required on the LOA form. Emergency LOA, without prior written request, may be granted provided the student completes the LOA form and

returns it to school via mail or in person within reasonable resolution of the emergency. Additionally, the institution will document the reason for its decision to grant the emergency LOA on the LOA form. In an instance of an emergency LOA, the beginning date of the approved LOA would be determined to be the first date the student was unable to attend due to the emergency.

A student who is granted a LOA that meets the above-mentioned criteria is not considered to have withdrawn from the institution and a refund calculation is not required. The maximum time frame for a LOA is 30 calendar days for a non-medical leave and up to 90 calendar days for a medical LOA. Two LOA's are allowed per enrollment period. However, the leaves of absences added together must not total more than 120 calendar days in an enrollment period.

If a student does not return by the expiration date of an approved leave of absence, the student will be withdrawn from their enrolled program. If a student is absent 14 consecutive calendar days or takes an unapproved Leave of Absence, they will be considered withdrawn. The institution is required to take attendance and therefore the withdrawal date for the purpose of calculating a refund will be the student's last date of attendance. Additionally, the student's loans will go into repayment after 180 days from the last date of attendance, if applicable.

The student's contract end date and maximum time frame will be extended for the same number of days the student was on the LOA without any additional institutional charges or penalty to the student. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.

Any student receiving VA Educational Benefits who takes an approved Leave of Absence any VA Educational Benefits will be stopped since the VA considers such student as withdrawn from school. The VA must be notified of the LOA and resulting paperwork dispatched to VA. The school shall contact the VA State Approving Agency for correct procedure of VA notification and re-instatement of benefits, if applicable.

The institution is not responsible for any equipment left at the school.

Alexander Academy offers Financial Aid processing assistance; contact Ms. Phyllis or Ms. Jeanine to set up an appointment for assistance. Types of Financial Aid available are Federal PELL Grant and Direct Loan Programs (Subsidized, Unsubsidized and Parent Plus Loans). Verification Process

If an applicant is selected for verification through the central processing center, the schools Financial Aid office will advise the student about the verification process immediately upon receipt of the students completed FAFSA application, have them sign the verification procedures documents and worksheet, a copy of documents will be available to the student. The original documents will be maintained in the students financial aid file. Verification documents for the award year of enrollment are to be initiated and submitted before the start of classes. If verification is required for a subsequent award year they must be submitted prior to the start of that award year. If that time line is not met the student may be put on a LOA until verification documents have been submitted to the financial aid office.

Financial Need

Federal Student Aid is awarded on the basis of financial need. Need is the difference between your cost of education and an amount you and your family are expected to contribute toward your education. A standard formula used for all applicants determines this amount, which is called the Expected Family Contribution (EFC). The information you report on your aid application is used in calculating your contribution. The amount left over after subtracting the expected contribution from your cost of education is considered your financial need.

PELL Grants

The student must complete the Free Application for Federal Student Aid (FAFSA). Unlike loans, grants do not have to be repaid. To determine if you are eligible, the Department of Education uses a standard formula, revised and approved every year by Congress, to evaluate the information you report when you apply for a Pell Grant. Using a formula guarantees equal treatment for all applicants.

Your school will input your application and give you an award letter. Your school will then receive and credit your award to your account, until your school account is paid in full, and the student receipted accordingly. The school receives the student's award in two payments, one at the beginning of school, and the second after one-half of the academic year. For Financial Aid Award years, the institutions academic year consists of 900 clock hours, but the student must complete all of their program clock hours (1000) to graduate from this School. How much you actually receive depends on the following factors:

1. Your student aid index number.
2. Cost of education at your school, whether you are a full-time or 3/4-time student.
3. How long will you be enrolled in the academic year.

Direct Loans

1. The program that Alexander Academy offers is the Direct Lending Program. This program enables students to borrow money from the U.S. Department of Education to meet their educational expenses. A student cannot borrow more than the estimated cost of attendance, less any other financial aid you may receive and your expected family contribution. To be eligible, the student's financial need must be evaluated. Students who do not qualify for this program should speak to the Financial Aid office about alternative funding. These loans are at a higher interest rate and repayment may begin within thirty (30) days of receiving the loan. Repayment varies with each lender.
2. To apply for a loan, you must first be accepted by the school, have processed a FAFSA, then, sign a master promissory note and entrance interview on the internet. 30 days after starting classes, the school (or its servicer) will certify loan to the lender. Once the guarantee agency approval is obtained, the lender will electronically transfer funds to the school's account for disbursement to the student's tuition account.

3. Undergraduate first year students may borrow up to \$9,500.00 a year. There are no application deadlines for these programs. Repayment begins six (6) months after the student leaves school, graduates or drops below half-time attendance. The student is allowed at least ten (10) years to repay his/her loan. When students leave school, they must contact their lender to establish a repayment schedule. The amount of payment depends on how much the student has borrowed. The greater the amount borrowed, the higher the payments. If a student does not repay his/her loan, they will go into default, and either the guarantee agency or the Federal Government can sue to collect.

Title IV Financial Aid Refund Policy

Students who enrolled in a program, and who received Federal Title IV assistance, are subject to a special withdrawal policy or Return of Title IV Funds when they terminate from school, as per current Federal Regulations. Federal Aid is based on a programs' payment period. When a student terminates from school, the school must determine what aid the school is entitled to retain by determining what percentage of aid the student earned. This calculation is based on:

- 1] In which payment period did the student terminate from school, and
- 2] The number of hours that were scheduled to have been completed as of the withdrawal date.

Any payment period in which less than 60% of scheduled was completed, the school can only retain the exact percentage of aid earned, and must refund the remaining amount. If 60% or greater of scheduled hours was completed of a payment period, the school is entitled to retain 100% of the aid received.

From time to time, this federally required calculation results in the student also refunding aid money. Should that occur, the student would be notified by the school in writing. Federal Regulations require the return of Title IV funds in the following order, if applicable; Unsubsidized loans, Subsidized loans, Perkins loans, Plus loans, Pell Grants, SEOG or other Title IV, within forty five (45) days from the date of determination. In the case of a leave of absence, the refund shall not exceed forty five (45) days from the date of documented return. Under the Federal Regulations, once the Return of Title IV Funds policy has been applied, the school may then apply their Institutional Refund Policy (printed on the back of their contract) and charge for unpaid portions of their schooling.

Absentee & Tardiness Policy

1. The student must notify the school if he/she is going to be late or absent from classes and must arrange to make up Theory and Practical assignments immediately upon returning to class.
2. The only absenteeism that will be permitted is one that is accompanied with a valid note provided within 5 days of returning to class and no later, no exceptions
3. The school will determine if an absence of a non-medical nature is permitted
4. If a student is late for class, after 9am, he/she will not be allowed into class unless an excused absence is given upon arriving to school. All students are expected to arrive on time each day
5. If a student arrives after 9am three times within a month (unexcused tardiness) that student will be suspended one day. For every tardy thereafter, within that month, the student will not be allowed in class for the day and sent home.
6. A student must maintain a Theory and Practical GPA average of 70% or better and an attendance rate of missed hours (not exceeding 100 unexcused hours). Once a student has passed 100 hours of absenteeism then the student will be charged \$18.00 per hour for over contract hours accrued
7. All students are expected to clock in and clock out daily, and on time
8. The school is run on clock hours, therefore students only receive credit for the time signed in and signed out
9. Tardiness will reduce the amount of clock hours and will increase the student's projected graduation date. Therefore, it is in the student's best interest to be on time daily

Alexander Academy offers job placement services to help graduates' efforts to secure employment in the field represented by the program the graduate completed or in a related field that include, but are not limited to:

- a. Professional appearance guidelines

Graduates are encouraged to maintain contact with the school and follow-up with the school on current employment or employment needs. In addition, the school maintains a network of relationships with professionals and employers who provide mentoring to students while they are in school. Job referrals are made known to interested graduates as available.

Alexander Academy is carefully designed to assimilate a salon/barbershop environment for the sole purpose of beauty education. Our entire educational system, including our expectations from our students, are well designed to provide quality training in a safe environment to prepare for a rewarding career. The beauty and barber industries have come to expect a high standard of proficiency and excellence in the skills and professionalism of Alexander Academy graduates.

Working Conditions

Cosmetologists and Barbers work in a clean, pleasant environment, with good lighting and comfortable temperatures. Their work can be tiring and physically demanding because they must be on their feet for long hours at a time and work with their hands at shoulder level. Professionals also work with sharp implements (razors) and a small amount of chemicals. Many full-time stylists work more than 40 hours a week, including evenings and weekends when salons and barbershops are busiest.

Careers for Cosmetologists and Barbers

Hair care has been an important profession since the beginning of time. Throughout history, a great deal of effort has gone into acquiring a fashionable hairstyle or a perfectly trimmed beard. Although styles change from year to year, the Barber's task remains the same - to make an attractive change in a person's appearance. Barbers shampoo, cut and style hair, and advise patrons on how to properly care for their hair. Frequently, they straighten or texturize a patron's hair to keep the style in shape. Barbers may also lighten or darken the color of the hair at the patron's request. Barbers may give manicures, scalp and facial treatments; and clean and style hairpieces. Barbers keep their work area clean and sanitize their haircutting tools and implements. Those who operate their own salons also have managerial duties, which include hiring and supervising workers, keeping records, and ordering supplies and the list goes on and on.

RIGHT TO KNOW / OCCUPATIONAL INFORMATION

Job Outlook

Overall employment of barbers, cosmetologists, and other personal appearance workers is projected to grow much faster than the average for all occupations. Opportunities for entry level workers should be favorable, while job candidates at high-end establishments will face keen competition.

Bureau of Labor Statistics

<https://www.bls.gov/ooH/personal-care-and-service/barbers-hairstylists-and-cosmetologists.htm>

O*NET Resource Center

The O*NET program is the nation's primary source of occupational information. Central to the project is the O*NET database, containing information on hundreds of standardized and occupation-specific descriptors. The database, which is available to the public at no cost, is continually updated by surveying a broad range of workers from each occupation.

O*NET Codes - <http://www.onetonline.org>

IPEDS Statistics

The College Navigator website (<http://nces.ed.gov/collegenavigator>) provides current and prospective students information about student body diversity, including the percentage of enrolled, full-time students in the following categories:

Male / Female

Self-identified members of a major racial or ethnic group

Federal Pell Grant recipients

The College Navigator website also gives information concerning student services, students with disabilities, career placement during and after enrollment and transfer of credit from other academies, retention, licensure, graduation and placement rates.

Physical Demands of the Profession

Most full-time barbers, cosmetologists, and other personal appearance workers put in a 40-hour week, but longer hours are common, especially among self-employed workers. Work schedules may include evenings and weekends, the times when beauty salons and barbershops are busiest. Barbers, cosmetologists, and other personal appearance workers usually work in clean, pleasant surroundings with good lighting and ventilation. Good health and stamina are important, because these workers are on their feet for most of their shift. Prolonged exposure to some hair and nail chemicals may cause irritation, so protective clothing, such as plastic gloves or aprons, may be worn.

Advising of Students

Appointments can be scheduled on any school day, by students with the Administrative and/or Instructing personnel who are in need of advice in academic, attendance, financial aid, etc. Students are encouraged to seek advice with proper personnel if a problem exists that needs attention. During advisory sessions things are discussed such as hours, services, tuition, attendance, tardiness, attitude, job desires and any problems which the student may be having in school.

School Closure Due to an Emergency

In the event the School needs to be closed due to an Emergency regarding hurricane, flooding, fire, etc., a notice will be placed on the door (if possible, or notified by an alternate source, i.e.: tv, newspaper, radio, text message or posted at the school driveway entrance) giving staff, students & customers all necessary reopening information, as well as providing a number that they can call for more information. Furthermore, an emergency announcement will be placed on the schools automated phone system, if

the system is accessible. All student and client data in our computer systems is backed up regularly, and taken off site and kept in a secure location.

Emergency Response and Evacuation Procedures

Federal Regulations require that the institution have in place a policy and procedure that describes how the institution will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless said notification compromises efforts to contain the emergency. Upon acceptance to this institution the required policy and procedures will be made available in a handbook to each student on the day of Orientation. Should an immediate threat to the health or safety of students or staff occur on campus, the institution's Administrative Staff will handle all necessary campus notification, without delay, and will initiate the notification system. Phone systems are available to call 911. Building has all required safety codes in place for student and faculty safety.

Violation of this rule will result in immediate termination and notification to the appropriate authorities. Any student, faculty or staff member who sees or hears of anyone on campus with a weapon is urged to notify the Administrative offices immediately.

The current federal regulations require institutions to report as hate crimes any occurrence of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, destruction, damage, or vandalism of property and any other crime involving bodily injury reported to local law enforcement agencies that manifests evidence that the victim was intentionally selected because of the perpetrator's bias.
